

迷你叉车

SMART FORKLIFT

一键升降
行走灵活
快捷装卸

One Key Operation
Safe Handling
Move Smoothly

Jinan MORN Technology Co.,Ltd
(MORN GROUP LIMITED)

About MORN

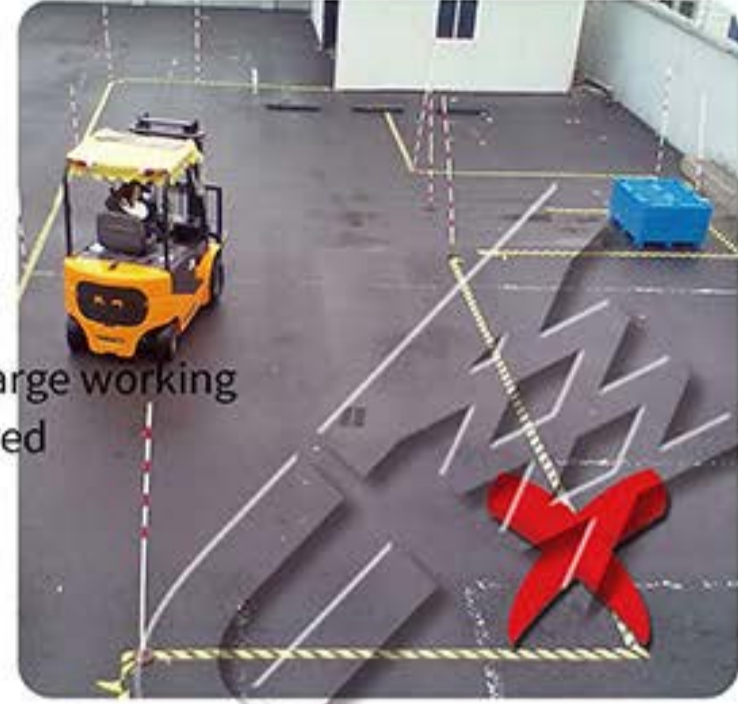

MORN GROUP was founded by Mr. Astone, Ms. Rena and their followers in 2008, harboring the dream of producing high quality made-in-china machinery for world market. The office area is located in High-Tech Zone, Jinan, China, an industrial machinery production center. Our office area takes up 1000 square meters and the factory has 27000 square meters, adjacent to Jinan' s largest logistics center.

MORN has two independent business department - LASER Business Department and LIFT Business Department. Respectively, LASER Business Department runs the sub-brand "MORNLASER" and LIFT Business Department runs "MORNLIFT" sub-brand. In August 2017, MORN purchased "GEMWAY" as its sub-brand also operated by LIFT Business Department. Production, R&D, sales, quality control and marketing sectors are set under each business department. MORN now has more than 360 senior technicians, including 26 senior engineers and over 150 sales and professional pre-sales & after-sales staff.

拖车升高高度低
Low lifting height

叉车太贵
